Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Monday 01 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining settled with sunny spells.

This Evening and Tonight:
A dry night but with low cloud and fog patches forming in the east and gradually spreading westwards through the night. Some western areas will stay clear with the risk of frost. Breezy along the south coast. Minimum temperature -1 deg C (30 deg F).

Tuesday:
A chilly start with fog patches quickly clearing. Sunny spells for most through the day with cloud building from the southwest later, bringing the risk of some heavy showers. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Cloudier on Wednesday with the risk of heavy showers. Remaining cloudy into Thursday with the chance of some rain. Turning dry and bright on Friday although feeling cooler.
